Poems from Pilot (“Johann the Carousel Horse”)

The display shot of coils and pigeons:

We could have
head injury
but we are more
wracked in
the beauty parlor
and we are also
starting to botch

Speak words
in the scatter
imitate with nails
decorate
razenaked bodies
with chalks

We play with props
for there are many
prison breaks
in the girl I camera
in the clearance sale
we make a skit
about stammering
